

Some Common Myths of Six Sigma Demystified

Professor Jiju Antony: Deputy Director - Institute of Operations Management with the University of Strathclyde

Six Sigma has evolved significantly and continues to expand since its inception at Motorola in the mid 1980s to improve the performance of its processes. This presentation discusses some common myths and realities of Six Sigma and arguing the point that Six Sigma is neither a fad nor just another quality initiative. It is a data-driven, systematic approach to problem solving, with a focus on customer impact

Tuesday, 4th March 2008 – 6:00 pm for 6:30 pm

The James Weir Building, University of Strathclyde 75 Montrose Street, Glasgow G1 1JX
